HIGHER CALL IS ACCEPTED.

Rev. J. F. Vines to Take Charge of Central Baptist Church at Chattanooga.

EXCELLENT WORK DONE HERE.

Rev. J. F. Vines' resignation as pastor of the Baptist church of this city and of the Goshen Baptist church at Glendean will go into effect October 1. He has accepted a call from the Central Baptist church at Chattanooga, Tenn., which has a membership of about 400 and is one of the best fields in that State. The call was received by Rev. Vines on August 23 and he accepted it as it pays a higher salary than the two pastorate he now holds.

Rev. Vines tendered his resignation as pastor of the Goshen Baptist church on August 30 and on last Friday evening he announced his resignation as pastor of the Baptist church of this city. He will preach at Glendean September 13 and 27 and will deliver his last sermon in this city on September 20.

It is with extreme regret that Rev. Vines' two congregations have received the news of his resignation, as they are loth to give him up. He has done most excellent work for both churches and has won the esteem and friendship of the members of his congregations and of other denominations as well. While all wish they could retain him, yet they are glad that he has been honored with a higher call and wish him every success and encouragement in his new field.

Rev. Vines took charge of the local Baptist church in June, 1901, and of the church at Glendean in June 1902, as the successor of Rev. W. B. Rutledge. He came to this city from the West End Baptist church at Ashville, N. C., to which Rev. Rutledge succeeded him, and attended the Baptist Theological Seminary until June of this year, when he graduated. While Rev. Vines has had charge of the church at Glendean nearly 100 new members have united with the church and a beautiful house of worship has been built and is almost paid for. Good work in the local church also has been done. The remainder of the debt on the parsonage has been liquidated, a fine vocation for the church has been purchased and the membership increased by more than fifty. Besides assisting in this good work, Rev. Vines took a vigorous and most helping part in Cloverport's local option fight last year and in all movements inaugurated for the public good. He is affable and interesting talker, an able expositor of the Scriptures and a minister of energy and power. For a minister just out of the Seminary his record has been most excellent and his every success is well deserved.

In social, as well as religious circles, both Rev. and Mrs. Vines have been popular and the good wishes of the citizens of Cloverport follow them to their new home in the South.

Judgment Given by Judge Wills Against Perfect Combustion Co.

OTHER CASE IS DISMISSED.

The suits of twenty-nine former employees of the Patton brick yard against the Perfect Combustion Co., of America, and the Central Clay Product Co. for wages for labor performed, were tried before Police Judge Wills Monday afternoon. A number of witnesses testified and the trial consumed two hours. Judge Wills dismissed the case against the Central Clay Product Co., without prejudice and gave judgment to the plaintiffs against the Perfect Combustion Co., of America. If execution has to be levied, it will be on the Brice railroad tunnel kiln at the Patton yard, as that is the only property there belonging to that company.

Geo. C. Patton, nominal president of the Central Clay Product Co., was present as its representative and had V. G. Babbage for his counsel. In the evidence it came out that E. C. Brice had sole control of the brick yard after May 12, as president of the Perfect Combustion Co., of America, and that the claims against the two companies were for labor performed since that date. To expedite matters, Gus Brown and H. C. Murray, attorneys for the plaintiffs, admitted that Brice had employed some of the plaintiffs and tried to prove in their argument that Mr. Patton was the agent of Brice's company, in order to get the Perfect Combustion Co., into court, as it had no representative present. Mr. Patton stated that he was not the company's agent, but, if by law, Mr. Brown could show that he had been, though unwittingly on his part, he would be willing, as it was his desire also to get Brice's company into court. The case then rested with the court and the above decision was rendered.

AT THE ENCAMPMENT.

Women Will be Barred As Guests-- 2nd and 3rd State Regiments to Participate.

There will be no women at the camp of combined maneuvers at West Point, as guests. Gen. Bates has issued an order to this effect, and has so informed Adjutant General Murray.

At a conference between Gen. Murray and the leading officers of the state guard it was decided to take the Second and Third regiments and the Louisville battalion on the West Point encampment. They will go in camp on September 30.

Messrs. D. P. Curry and C. B. Norton, of the Commercial Club, of Louisville, have made a proposition to Capt. W. W. Hite that several steamers be stationed in the river near the West Point maneuver grounds. These boats will be used as floating hotels at which visitors to the maneuvers can obtain board.

The first soldiers who will participate in the maneuvers arrived at West Point last week and more will be arriving every week. Most of the necessary preparations have been made for them and the camp will be in readiness when they arrive.

The encampment of the regular soldiers will be held from September 25 to October 16, and of the militia from September 30 to October 10. There will be small details forwarded for preliminary work in each department, but no considerable body of troops is expected before September 20. The two batteries of artillery and four companies of infantry from Fort Sheridan, near Chicago, will start about September 15, and march through to West Point.

An earnest effort will be made by the citizens of Louisville and West Point to have President Roosevelt spend several days at the maneuvers.
